

All Twisted

CIV

They're gonna get you anyway
Anyway they can
Told you once I'll tell you again
It's all the same

You're all twisted
You're all twisted
You're all twisted

Come for your mother, your sister too
Come for your family
Put you any place they want to
Can't you fucking see?
They don't care who they get!
They don't care who they want!
They're gonna get you anyway
Anyway they can

They're all twisted
You're all twisted
You're all twisted
They're all twisted

They're gonna get you anyway
Any way they can
Told you once I'll tell you again
It's all the same
Come for your mother, your sister too
Come for your family
Put you any place they want to
Can't you fucking see?

You're all twisted X7
