

## Choices Made

CIV

There was a time when I washed out with the tide that came in y  
our opinion

I second guessed what I knew was right  
It was just to please and so I did it as a friend  
In need of friends, what I'm looking for

'Cause it won't cut it anymore  
Take a seat and watch  
It counts too much  
It's your decision, so what are you gonna do?

I don't need you to make my choices  
I can speak, you can hear my voice  
And I don't need you to make my choices  
I can speak, you can hear my voice

The trouble when you go with the flow, you might set yourself u  
p to give  
Out more than you can  
A situation that'll come your way,  
Something you don't approve, but you couldn't see

And you're right if you're feeling bad  
Lose yourself following a fad  
So stick around with who you found will listen to what you gott  
a say  
And is it easy?

I don't need you to make my choices  
I can speak, you can hear my voice  
And I don't need you to make my choices  
I can speak, you can hear my voice

And everyone's not looking for approval  
Sometimes you gotta go it alone  
Don't work too hard being normal  
Just work hard on what you want

So I don't need you to make my choices  
I don't need you to make my choices  
I don't need you to make my choices!  
Make my choices

I don't need you to make my choices!
