

Using Someone Else

CIV

Live your life like shoots and ladders
It never hurts to cut a throat or two
The little people don't really matter
It's just a means to an end
They're just a means to an end to you
Now I~ know the truth is always the furthest thing from you
Now I know I can't believe a single word you say

You're using someone else
You're so proud of yourself
Now you're using someone else
"Cause people don't mean shit to you"
Now you're using someone else

I want to ask you something
"Do you like to do the things you do?"
I want to ask you something
"Does the guilt even bother, does the guilt even bother..."
"You want to take the means by which we live you're always looking for some way
To make a deal, make a deal, make a deal
How does it feel not to make it on your own

You're using someone else
You're so proud of yourself
Now you're using someone else
'Cause people don't mean shit to you
Now you're using someone else

You look for someone who
Will blindly put their trust in you
Easy prey is a vulture's fuel
What makes you think the world revolves around you?

I know it'll never be me
No it'll never be me
Yeah you got something to prove
When you take no risks,
You got nothing to lose
To Lose!
