

# Anybody Out There

Civil Twilight

In the cold of the night  
The fire burns bright  
You long for the unseen

On the edge of the sea  
Your thoughts run deep  
You long for a place you've never been

Is anybody there?  
Is anybody there  
You cry to the full moon

As your thoughts run wild  
Like the thoughts of a child  
You wonder if you'll be there soon

I say, slow me down, slow me down  
I want to hear the sound, slow me down

Is anybody out there?  
Is anybody out there?  
Oh, is anybody out there?  
Is anybody out there?

I sing, is anybody out there?  
Is anybody, anybody

Here I stand  
Letter in my hand  
The letter that you sent to me

But as I turn each page  
Like the turning of a wave  
I feel you turning me

And I sing, slow me down, slow me down  
I want to hear the sound, slow

Is anybody out there?  
Is anybody out there?  
Oh, is anybody out there?  
Is anybody out there?

Oh, is anybody out there?  
Is anybody, anybody

I don't know anything no more  
I don't know anything

Is anybody out there?  
Is anybody out there?  
Is anybody out there?  
Is anybody out there?

Oh, is anybody out there?  
Is anybody out there?  
Is anybody out there?

Is anybody, anybody

I can hear the strings  
I can hear the strings  
I can hear the strings  
I can hear the strings

I can hear the strings  
I can hear the strings  
I can hear the strings  
I can hear the strings

Calling, calling, calling  
Calling, calling, calling, calling me
