

# Every walk that I've ever taken has been in your direction

Civil Twilight

Some nights,  
I awake to a room,  
Plastic and fake  
And the sheets smell of you  
Even though,  
You were never there  
And I was never true

And my mouth fills up  
With the words I owe  
As if they never found a home

One last thing  
Before I go  
One last thing  
You need to know  
Every walk I've ever taken  
Has been in your direction  
(In your direction)

I'm gonna live,  
I'm gonna die  
I'm gonna know  
What it's like to be  
On the edge of something

'Cause the robes,  
The thrones,  
The cornerstones  
Will be burned into nothing  
And I will know  
What it means to roam  
I will rise  
Like the orange dust of home

One last thing  
Before I go  
One last thing  
You need to know  
Every walk I've ever taken  
Has been in your direction  
One last thing  
Before I go,  
I wanted every part  
Of you to know  
That one last thing  
Before I go,  
I loved you more than...  
...You will know what I did

One last thing  
Before I go  
One last thing  
You need to know  
Every walk I've ever taken  
Has been in your...  
Has been in your direction
