

## Close Yet Far

CKY

Who said that I wasn't right?  
I've lived for years without a life  
Don't have a soul on my side  
Still ridiculed despite how hard that I have tried  
Don't take me under your wing  
I don't need a hand, don't need anything  
I've got a roof over my head  
As if I'd rather be alone with me instead

Close yet far  
Drop me a line and tell me how the hell you are  
And I'll tip my hat to those who can't believe it's me  
Though I never never never ever wanted this to be

I can hear the sounds of the city  
Sunrise and set are the same to me  
A hesitating pulse is good company  
And my reflection offers no apology  
But who said that I wasn't right?  
And I've lived for years without a life  
Don't have a soul on my side  
Still ridiculed despite how hard that I have tried

Close yet far  
Drop me a line and tell me how the hell you are  
And I'll tip my hat to those who can't believe it's me  
Though I never never never ever wanted this to be

Close yet far  
Drop me a line and tell me how the hell you are  
And I'll think of the days when there was something to believe  
Though I never never never ever wanted this to be
