

Blind Hearts

Clan of Xymox

How long will it take
Before you see
There is no room for you
Inside of me
Deep in our hearts
We are alone
Deep in our blind hearts
Skin and bone
In many ways
You've lost your dignity
Hey girl, give up
Your hopeless ecstasy
Deep in our hearts
We are alone
Deep in our blind hearts
Skin and bone
Kiss high heaven
Kiss one other
Kiss the earth
And kiss the sea
Everything instead of me
Everything instead of me
Kiss your precious destiny
Deep in our hearts
We are alone
Deep in our blind hearts
Skin and bone
Deep in our hearts
We only know
Deep in our blind hearts
Skin and bone
Bone of contention
We only know
Bone of convention
We only know
