

## Dark Mood

Clan of Xymox

When my angel said to me  
No one loves you more than me  
But your sorrow brings me down  
The blood of life is running out  
Oh carry me , oh carry me  
Look up where I'm now today  
I measure pleasure by the pain  
It's all I want the world to see  
It's all in life's tapestry
