

## Into Her Web

Clan of Xymox

You can't forget  
The time you fell into her trap  
You can't forget  
The time you fell into her web  
Some might fear  
Another call of your regret  
Now after all  
It's wonderful how she broke your wall  
So much for your freedom  
So much for your thoughts  
So much for your feelings  
So much after all.....
