

The River

Clan of Xymox

What makes a man
What makes a woman
Happy
What makes you think
What makes you say
Love
Some say it's like the river
How it runs to the sea
Love could be the river
One million people
Hoping to find
The river
One is the middle
On the bottom of the sea
Like a spine of a tree
It's all a riddle to me
It's all a riddle to me
To me
