

## The River

Clan of Xymox

What makes a man  
What makes a woman  
Happy  
What makes you think  
What makes you say  
Love  
Some say it's like the river  
How it runs to the sea  
Love could be the river  
One million people  
Hoping to find  
The river  
One is the middle  
On the bottom of the sea  
Like a spine of a tree  
It's all a riddle to me  
It's all a riddle to me  
To me
