

## Praising The Self

Clandestine Blaze

No god  
no religion  
no race  
no culture

No nation  
no state  
no collective world  
Praise the self

I glorify myself!  
I satisfy myself!  
I am not lower than your god.  
I am setting the rules of this existence

My reasons do not need  
to look any more rational than his.  
My reasons do not need to be explained  
one bit more than His.
