

## Scarlet Inside

Clannad

Slowly, I look around  
An angry sight for every sound  
We stood with troubles all around  
She's trampled on the ground

Feel the sadness inside  
I'm scarlet inside

I realize, far too late  
As her life dissipates  
No truth, no reasons why  
Just the fear, and the hatred

Feel the sadness inside  
I'm scarlet inside

This life is such a lie  
Now I don't even try  
Never (I can't think why)  
I never saw eye to eye

Feel the sadness inside  
I'm scarlet inside
