

## Tower Hill

Clannad

Lookin' round and round again  
That's me, oh that's me  
Far away on my own again  
A day goes by in Tower Hill

Silent screams,  
Is there someone at the door?

Light is on, lit fire round  
It's me, you're home  
Blue and grey, and seas apart  
Another night at Tower Hill

Silent screams,  
Is there someone at the door?

Silent screams,  
Silent screams,  
Is there someone at the door?

Sit inline and count to ten  
Still near, right here  
Movin' round this empty room  
I'm sorry now, at Tower Hill

Silent screams,  
Is there someone at the door?
