

Only Run

Clap Your Hands Say Yeah

Hello Han!
I'm writing you from acid
I want to write to you Heaven just wants to smile at you
It's a beautiful world, It's a beautiful world
It's a beautiful world, It's a beautiful world
It's a beautiful world, It's a beautiful world
It's a beautiful world, It's a beautiful world
World, world, world, world
I just wanted to say

There is no plane,
Nothing was delivered
I drifted around you as would any feather.
I will end it,
We were built for pleasure.
Don't waste my time with your thinking.
I don't need to be strong,
I don't care anymore!
Oh, oh, oh, oh I'm away I'm away
Ah, ah, ah, ah, ah

When I found you
Holding on to self pity
With your suitcase you said,
