

Alabama Woman Blues

Eric Clapton

Did you ever go down : on the Mobile and K C line
I just want to ask you : did you ever see that girl of
mine

I rode the Central : and I hustled the L and N
The Alabama women : they live like section men

Don't cry baby : your papa will be home some day
I've been away baby : but I did not go to stay

Don't the clouds look lonesome : across the deep blue sea
Don't my gal look good : when she's coming after me
