

# May You Never

Eric Clapton

R: May you never lay your head down  
Without a hand to hold  
May you never make your bed out in the cold

And may you never lose your temper  
If you get hit in a bar room fight  
May you never lose your woman overnight

1. Well you're just like a great strong sister to me  
And I know that your love is true  
And you hold no blade for to stab me in my back  
I know that there's some that do  
So please, won't you please, won't you bear it in mind  
Lo..ve is a lesson tonight in our time  
Please, won't you please bear it in mind for me

R: And may you never lay your head down...

2. Well you're just like a great strong brother to me  
And I know that your love is true  
And you never talk dirty behind my back  
I know that there's some that do  
So please, won't you please, won't you bear it in mind  
Lo..ve is a lesson tonight in our time  
Please, won't you please bear it in mind for me

R: And may you never lay...

May you never lose your woman overnight
