

Something's Happening

Eric Clapton

R: Something's happening, something's going on.
Something's happening, something so strong.
Something's happening, something all over the
world.

Spirit's moving and it's moving fast.
You better get aboard and don't be last.
Something's happening, something all over the world.

My life has been a series of endless changes,
A constant struggle to be free.
One thing I know for sure now baby,
It's me for you and you for me.

R: Something's happening...

Spirit's moving and it's moving fast.
You better get aboard and don't be last.
Something's happening, something all over the world.
