

Ain't Nobody

Clare Maguire

Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)

Meet me in the red sky
And dance with me
Let the valley change you
And the night set you free
It's dusk in desert
It's heaven at the gates
You are my desire
You are my escape

Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)

Open up this moment
And bury me inside
I can see us changing
Like the seasons over time
It's silver on the river
Reflections of your love
Drown me in this silence
We'll never come undone

Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)

Oh hey
Shadows are falling
Tomorrow's closing in
Stay with me 'till morning
Open up your wings
I can hear your whispers
Calling out my name
Will you promise me that
You'll steal the night again
Cause

Ain't nobody

(Can love me like you do)
Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)
Ain't nobody
(Can love me like you do)

Meet me in the red sky
And dance with me
Let the valley change you
And the night set you free
It's dusk in desert
It's heaven at the gate
You are my desire
You are my escape
