

Dream Big

Clare Maguire

I bite my lip say nothing
That's the trouble I'm in
I hide my face behind my fingers
I'm crumbling, oh

When nothing helps me lose this feeling
I'm still believing, oh

I dream, dream big
It's the only way to live
Getting high to forget
Tomorrow

I've lost every bet
Felt the pain in my chest
Getting high to forget
Tomorrow

I tend to live for fear
Let it sink into my skull
The thinking, over thinking
I fall, oh

When nothing helps to lose this feeling
I'm still believing, oh

I dream, dream big
It's the only way to live
Getting high to forget
Tomorrow

I've lost every bet
Felt the pain in my chest
Getting high to forget
Tomorrow

I dream, dream big
It's the only way to live
Getting high to forget
Tomorrow

I've lost every bet
Felt the pain in my chest
Getting high to forget
Tomorrow
