

# Faded

Clare Maguire

I've been chasing paradise  
I've been chasing paradise  
Night time leaves me paralyzed  
Night time leaves me paralyzed

Twisted thinking feels so pretty  
Heartbreak falls on the violent city

I've been chasing paradise

I'm faded, searching for my  
I'm faded, searching for my

I've got rivers in my eyes  
I've got rivers in my eyes  
Night time leaves me paralyzed  
Night time leaves me paralyzed

These white lights are cut like diamonds  
Flickering in fire

I've got rivers in my eyes

I'm faded, searching for my  
I'm faded, searching for my

I'm not asking for a long affair  
I'm not saying that I care  
I'm not asking for a long affair  
I'm not saying that I care

I'm faded, searching for my  
I'm faded, searching for my

Faded love, faded love  
Faded love, faded love  
Faded love, faded love  
Faded love
