

# I Can't Leave Your Love Alone

Clarence Carter

Baby, your love  
Makes me feel so good  
It's got me doing things, baby  
I never dreamed I would

But we got to check ourselves  
'Cause we belong to someone else

And I can't leave your love alone  
I just can't leave your love alone  
When you chuck your love on me  
It's got me begging and crying

Wrecking every bone in my body  
Oh Lord, just tearing up my mind

It's been sunk in too deep  
And it's become a big part of me  
I can't leave your love alone  
I just can't leave your love alone

I know this slipping around  
Can be a dangerous thing  
But we got to keep on  
Taking these chances

I got my good luck piece in my hand  
Hoping they won't catch us  
Won't catch us red-handed, oh

The effect of your love  
Leave me shook up after you're gone  
Setting fire to my clothes, baby  
Leaving my body so warm

But I know what we're doing is wrong  
But I can't leave your love alone  
I just can't leave your love alone  
Oh Lord, I can't leave your love alone

All of my friends try to tell me  
But I just can't leave your love alone  
Oh, no, no, I can't leave your love alone  
It's got me, it's got me, it's got me so bad
