

## Or A Movie

Classix Nouveaux

When you feel you are lonely  
You think you're the only  
One who feels that way  
You sit watching the wall  
Feel like ending it all  
If no-one calls to say  
Hello, how are you today  
Why not come and see a play  
Or a movie?  
I'll come over anyway  
Talk a while, and I may stay  
Over, we'll see  
All alone in your room  
If someone won't come soon  
There's no-one's voice but yours  
You look out of the window  
There's nobody you know  
Coming through the door  
Silence is the only friend  
Feels like we have reached the end  
Of a movie  
Now there's no more turning back  
Everything is grey on black  
What do you see?  
No-one cares alive or dead  
Thoughts run riot in your head  
Like a movie  
Lock the door and lose the key  
Everyone out there you'll be  
Sorry, you'll see  
Time has never seemed so long  
There's no comfort in a song  
Or a movie  
Couldn't stand it anymore  
Tried to find a way out for yours truly
