

# Belong To You

Claude Kelly

Remember us in this moment  
Cause what I'm about to say might hurt  
So try to take a mental picture  
So you'd never forget the way we were  
Cause the truth is more then I know you can take  
That's why I'll understand if you can't stay

Cause I lied when I said that I don't care anymore  
Cause everywhere I go, everything I do  
Takes me right back to you, gets me right back to ya  
And I tried but I don't have the strength to pretend anymore  
I close my eyes, put your memories alive  
And I'm right back, yes I'm right back to ya  
I guess I still belong to you (still belong to you)

You were right when you told me  
That I would regret the choice I made  
(Deep down everything belongs to you)  
But through my eyes I just couldn't see it  
Til the sky was turning grey  
(Deep down everything belongs to you)  
It all fell apart when I did it my way  
So I'll understand if you can't stay

Cause I lied when I said that I don't care anymore  
Cause everywhere I go, everything I do  
Takes me right back to you, gets me right back to ya  
And I tried but I don't have the strength to pretend anymore  
I close my eyes, put your memories alive  
And I'm right back, yes I'm right back to ya  
I guess I still belong...

Me coming back home is a hard pill to swallow  
Cause I said that I'd never  
Need you the moment I walked away  
I find you're always the one who I wanna run to  
Cause you're still the one I belong to  
(Yeah you're the one I belong to)

Cause I lied when I said that I don't care anymore  
Cause everywhere I go, everything I do  
Takes me right back to you, gets me right back to ya  
And I tried but I don't have the strength to pretend anymore  
I close my eyes, put your memories alive  
And I'm right back, yes I'm right back to ya  
I guess I still belong to you, I guess I still belong to you  
I guess I still belong to you, I still belong to you  
I guess I still belong... I still belong to you
