

Did It For Love

Claude Kelly

Wooow

Wooow

Oo oo

Lookin back in the rearview mirror of my life
I see sum memories that bring a tear to my eye
Some were good
Some were bad
But yet there all mine
And I own it
And I ain't afriad to show it
I think ov all my friends that ain't here no more
And it cuts me so deep it's hard to move on
So when I sing this song I'm hopin u no
It ain't just me standin here
It's for the one that ain't there

So when the rain
Comes
Pain
Comes
Darkness
Comes
Cause it gonna
Come
The only thing that helps me keep my head up
Is knowin every day I do it for love

Ask me why I did I say I did it for love
Cause love is my only friend when I ain't strong enuf
Wen I fort ov quittin I only made it becoz
I did it for love, love, love
Ask me why I'm singin you know I'm singin for love
Cause love is my only friend when I ain't strong enuf
So I give my heart, my soul, my all becoz
I did it for love, love, love
