

Falling Up

Claude Kelly

In my darkest,
You were the only light I remember
Tried your hardest, made me feel alive
Now I can't forget ya

[Hook:]
What you found was a lost lonely heart
Torn into pieces, with you I feel like myself

[Chorus:]
Nothing but gold when were together
You were my one forever
Feels like I'm falling
But I'll never touch the ground
Feeling so right when I'm around you
How can I live without you
It's like I'm falling
But I'm not falling, I'm not falling down
Falling up, falling up, falling up
I'm falling up, falling up, falling up, up
Falling up, falling up, falling up
But I'm not falling, I'm not falling down

Without trying, you knew the words to say
To save me from myself
I can't deny it, never felt this way
Not from no one else

[Hook:]
What you found was a lost lonely heart
Torn into pieces, With you I feel like myself

Nothing but gold when were together
You were my one forever
Feels like I'm falling
But I'll never touch the ground
Feeling so right when I'm around you
How can I live without you
It's like I'm falling
But I'm not falling, I'm not falling down
Falling up, falling up, falling up
I'm falling up, falling up, falling up, up
Falling up, falling up, falling up
But I'm not falling, I'm not falling down

[Bridge:]
Who said when you fall you have to fall down
Who said when you fall you have to fall down
'Cause I'm going up with you
Who said when you fall you have to fall down
Who said when you fall you have to fall down
'Cause I'm falling up with you now
I'm falling up with you now

Falling up, falling up
Falling up, falling up, up
Falling up, falling up, up

I'm not falling, I'm not falling down

Nothing but gold when were together

You were my one forever

Feels like I'm falling

But I'll never touch the ground

Feeling so right when I'm around you

How can I live without you

It's like I'm falling

I'm not falling, I'm not falling down
