

# Ghost

Claude Kelly

[VERSE 1:]

Said goodbye to him  
No regrets no second thoughts  
Just kept my heart moving  
Tears fell from his eyes  
I didn't care I pushed through it  
He ain't the one  
I thought I might as well keep on looking  
So I turn my back, no strings attached

[HOOK:]

Now I'm sitting at my place with my face buried in my hands  
Cause everything that I touch fades away like a grain of sand  
No love that I try to keep ever seems to last  
Dam, This really hurts  
Leaving you was a curse so...

[CHORUS:]

If I did you wrong (3x)  
I'm sorry  
Cameras comin on (3x)  
It haunts me  
If I did you wrong (3x)  
I'm sorry  
Cameras comin on (3x)  
It haunts me like a ghost  
Everywhere I go I see your ghost  
When I go to sleep I see your ghost  
And it haunts me like a ghost  
Like a ghost  
Like a ghost

[VERSE 2:]

1, 2, 3, 4  
Moved on to another  
Tall, dark, sexy and confident kind of brother  
Kept my body hot all day and night like it was summer  
That's why I shouldn't be reminiscing  
My man I love ya  
Cause I turned my back  
No strings attached

[HOOK:]

Now I'm sitting at my place with my face buried in my hands  
Cause everything that I touch fades away like a grain of sand  
No love that I try to keep ever seems to last  
Dam, This really hurts  
Leaving you was a curse so...

[CHORUS:]

If I did you wrong (3x)  
I'm sorry  
Cameras comin on (3x)  
It haunts me  
If I did you wrong (3x)  
I'm sorry  
Cameras comin on (3x)

It haunts me like a ghost  
Everywhere I go I see your ghost  
When I go to sleep I see your ghost  
And it haunts me like a ghost  
Like a ghost  
Like a ghost

[BRIDGE: x4]

4, 3, 2, 1  
Ohhhhhhhhhhhhhhhhhhhhh oh ohhhh  
Ohhhh ohhhhhhhhhhhhh  
Like a ghost  
Ghost ohh

[CHORUS:]

If I did you wrong (3x)  
I'm sorry  
Cameras comin on (3x)  
It haunts me  
If I did you wrong (3x)  
I'm sorry  
Cameras comin on (3x)  
It haunts me like a ghost  
Everywhere I go I see your ghost  
When I go to sleep I see your ghost  
And it haunts me like a ghost  
Like a ghost  
Like a ghost
