Could it be love if u only met her once
I never got her name B4 she left the club
It must be destiny, the way u completly
Gon take over my mine
Now wen I close my eyes I still feel the girl
Touchin' on me, grindin' on me
Yeah ya truly fly girl

[CHORUS:]

And everytime I hear tht love song (love song),
I swear I'm goin out of my mind
Cause I cnt see myself dancing with nobody else to tht love son

See I don thinkn I'm eva gon find a chik like this tht make me
