

Make It Last Forever

Claude Kelly

Make it last.

[Chorus:]

Ain't goin' so fast girl,
I just want you make it last girl,
Hey I got more... in the back,
Believe me sweety I got enough to...

Ain't goin' so fast girl,
I just want you make it last girl,
Hey I got more... in the back,
Believe me sweety I got enough to...

Make it last, I don't wanna leave you,
'Cause we're doing the things that old folks do,
Feel so good so let' make it better, let's make it better,
And I don't wanna leave you, put my hand on it,
Put it's up to you how you do
I'm a take my time and going nowhere, we're friends
And might call you a boss, 'cause you ain't in girl
Tell them that I have to go in girl,
'Cause the sun will love to the night
And I do it in girl, would you turn this to... girl,
Don't turn down cause it feel all right, right, that's why

[Chorus:]

Ain't goin' so fast girl,
I just want you make it last girl,
Hey I got more... in the back,
Believe me sweety I got enough to...

Ain't goin' so fast girl,
I just want you make it last girl,
Hey I got more... in the back,
Believe me sweety I got enough to...

Make it last.
