

# My Everything

Claude Kelly

[Claude Kelly:]

Something's happen when (yeah),  
When you don't expect (oh).  
All of a sudden you're falling in love (yeah).  
Baby that's the case (yeah),  
Between you and me (oh).  
Never thought I'd be saying this but you're the one (yeah).

I trip, I fall.  
You're there, through it all.  
Most times I really don't deserve it (no).  
You give, never take,  
You bend, never break,  
I know it's soon but I want you to know...

[Chorus:]

If I'm the sun,  
Then you're the moon.  
I freak out,  
If I don't see you.  
If I'm an eagle,  
Then you're the wings.  
You keep me up,  
You are my everything.

[Corbin Bleu:]

Maybe it's too soon (yeah),  
To be tellin' you (oh),  
But I really don't care I'll put it all on the line (yeah).  
Cause I never felt (yeah),  
And I've never seen (oh).  
Nobody like you that I can't get off my mind (yeah).

I trip, I fall.  
You're there, through it all.  
Most times I really don't deserve it (no).  
You give never take,  
You bend, never break,  
I know it's soon but I want you to know...

[Chorus:]

If I'm the sun,  
Then you're the moon.  
I freak out,  
If I don't see you.  
If I'm an eagle,  
Then you're my wings.  
You keep me up,  
You are my everything.

You're my everything (2x)  
All that I'll ever need...  
You're my everything...

[Chorus: x2]

If I'm the sun,  
Then you're the moon.

I freak out,  
If I don't see you.  
If I'm an eagle,  
Then you're my wings.  
You keep me up,  
You are my everything.

You are my everything.
