

# No Choice

Claude Kelly

Tried my best to resist  
Runaway, don't give in  
Cause it ain't worth getting burned  
Love hurts too much when it ends

[Hook:]  
But that was my theory  
Before you met me  
Cause with you there's no turning back

[Chorus:]  
You leave me no choice  
No choice (no turning back)  
But to love you  
So I'm gonna love you

So here I am once again  
Putting my fate  
In your hands  
I'm kinda scared  
Cause the last girl my shattered like glass

[Hook:]  
But that was my theory  
Before you met me  
Cause with you there's no turning back

[Chorus:]  
You leave me no choice  
No choice (no turning back)  
But to love you  
So I'm gonna love you

[Bridge:]  
I didn't want to give in to you  
But you're so beautiful  
And I can't say no  
Wish I could fight, and I know I tried  
But you're so beautiful

I can't say nooooo  
Noooooooooooo  
Can't say nooooooooo  
Noooooooooooo

You leave me no choice  
No choice (No turning back)  
But to love you  
So I'm gonna love you  
You leave me no choice  
No choice (No turning back)  
But to love you  
So I'm gonna love you

Tried my best  
To resist  
Runaway, but I gave in
