

Now

Claude Kelly

Remember when I said
It didn't have a chance
Well now I'm slipping under
Your messin up my plans
I thought it was a game
I had the upper hand
Had to steal my thunder
I'm falling for you fast

So here I am
My feet are off the ground
My head is in the clouds
You got me where you want me
I'm in love with you now
There's nothing left to say
No way to fight this now
You got me where you want me
I'm in love with you now

It kills me now to think
I used to have control
But now you hold the strings
I'm in your puppet show
Is this the real damn thing
Is this what loves about
I'm starting to like this
My guard is so let down

So here I am
My feeet are ofd the ground
My head is in the clouds
You got me where you want me
I'm in love with you now
There's nothing left to say
No way to fight this now
You got me where you want me
I'm in love with you now

I tried to fight it off so long
But I failed
I tried to hold my breath
But I guess I exhaled
I tried to stop my self falling in love
But it wasn't enough

So here I am
My feeet are ofd the ground
My head is in the clouds
You got me where you want me
I'm in love with you now
There's nothing left to say
No way to fight this now
You got me where you want me
I'm in love with you now
