

Payback

Claude Kelly

Girls get played
And guys get played
You got me this time but never again
Listen!

Baby, do you remember how you claimed
Back in the... that if I wait a little longer
You would give it all to me
I'm still here waiting
I could tell that youve been played

Girl, I love you
I honestly love you
You don't seem to care
Well darling, I swear that you're gonna wish
You gonna call me when you're feeling lonely
You're going through hell but I wont be there
Cause I'll play with a bitch

Paybacks a bitch
Paybacks a bitch
Paybacks a bitch
Paybacks a bitch
Paybacks a bitch

Girl, can't stop reminding you
It was me who stood beside you
And tears were falling down your face
Cause a boy stopped loving you

Well, I can't and I was patient
Something etween the 2 of us
Never seen it, it's just a bit freaky

Girl, I love you
I honestly love you
You don't seem to care
Well, darling I swear that you're gonna wish
You gonna call me when you're feeling lonely
You're going through hell but I wont be there
Cause I'll play with a bitch

Paybacks a bitch
Paybacks a bitch
Paybacks a bitch
Paybacks a bitch
Paybacks a bitch

When you see me on the street
Please girl don't say, sit next to me
If there's a pretty little thing in my arm
Please don't say:speak to me
You wish you could have it back
But don't say:speak to me
Don't say:speak to me
Don't say:speak to me

Girl, I love you
I honestly love you
But you don't seem to care
Well, darling I swear that you're gonna wish
You gonna call me when you're feeling lonely
You're going through hell but I wont be there
Cause I'll play with a bitch

Paybacks a bitch
Paybacks a bitch
Paybacks a bitch
Paybacks a bitch
Paybacks a bitch

Paybacks a bitch
Paybacks a bitch
Paybacks a bitch
Paybacks a bitch
Paybacks a bitch
And it's coming for you
