

# Roses

Claude Kelly

Oh  
Oh  
Oh

[Verse 1:]

I was already there  
Standing there like a shadow  
I was already there  
Always ready to catch you  
But you never know  
How much it hurts  
To know that your love  
Won't be returned  
I was already there  
Knowing I'll never have you

[Chorus:]

Cause your love shocks like roses  
Beautiful, but when I try to hold it  
The thorns cut me every time  
Don't know why I even try  
Still I can't stop reaching for it

[Verse 2:]

I was already there  
Loving you since the first day  
I was already there  
Still you never looked my way  
You've never seen  
How long I waited  
And how much I dreamed  
My life away  
Wishing you could be here  
But I know it's impossible

[Chorus:]

Cause your love shocks like roses  
Beautiful, but when I try to hold it  
The thorns cut me every time  
Don't know why I even try  
Still I can't stop reaching for it

[Bridge:]

While he gets your love everyday  
I guess I'll never know it  
Love roses

[Chorus:]

Cause your love shocks like roses  
Beautiful, but when I try to hold it  
Cause your love  
Cause your love shocks like roses  
Beautiful, but when I try to hold it  
The thorns cut me every time  
Don't know why I even try  
Still I can't stop reaching for it

Roses  
Roses  
So beautiful  
Yeah  
But I'll never hold it  
Yeah  
Yeah  
Oh
