

## When You Gotta Go (You Gotta Go)

Claude King

One of these days I'm gonna take me a trip  
I might as well cause you don't want me no more  
Your kind of lovin' won't be easy to forget when you gotta go y  
ou gotta go  
I might catch a train and go to New York City or LA or Folsom I  
don't know  
Babe you might find me down in old Chicago when you gotta go yo  
u gotta go

I don't know where these weary feet're gonna take me  
I got no money not a penny can I show  
All I can say is I do know that I'm bound when you gotta go you  
gotta go  
If your new love ever put you down think of me and let the swee  
t tears flow  
Just take this same this same old road that I'm traveling  
When you gotta go you gotta go when you gotta go you gotta go
