

## Sugarlite Blonde

Claw Boys Claw

Stay away, I don't know where I'm standing, a dead dog, feel al  
right  
I get it on, I need a face to laugh on but that is more of the  
same everynight  
Sugarlite blond, sugarlite blond  
They say my bones are the one understanding, I go down in the r  
ear  
You got me crawling to my heart's surrender  
The state of phase you brought me in, you're no good  
You got me howling at the moon tonight, understood  
You got me howling at the moon tonight, hear me say  
You got me howling at the moon tonight, come on babe  
You got me howling at the moon tonight, just stay and get your  
way  
Sugarlite blond, sugarlite blond, sugarlite blond  
You're my sugarlite blond  
You got me howling at the moon  
Sugarlite blond, sugarlite blond, sugarlite blond  
You're my sugarlite blond  
Stay away, I don't know where I'm standing, a dead dog, feel al  
right  
I get it on, I need a face to laugh on but that is more of the  
same everynight  
You're no good, sugarlite blond, sugarlite blond, sugarlite blo  
nd  
You're my sugarlite blond  
Sugarlite blond, sugarlite blond, sugarlite blond, you got me h  
owling at the moon tonight  
You're my sugarlite blond
