Why don't you want to talk to me does it feel easier to pass me by

you read my face like I'm a fucking disgrace and you never look me in the eyes  $\,$ 

the truth is always easiest to ignore and that's why you walk the other way

but is it really that hard for you to think of something comfor ting to say

Don't look at me as If I'm different

Don't look at me as If I wasn't there

Don't look at me as If I'm no good

Don't look at me as If you didn't care, as if I wasn't there!

You walk a little faster like you're trying to say that you rea lly haven't got the time

and when I put my hand out for a coin or two you just pretend t hat you've gone blind

It seems hard for you to show any compassion for me but it woul dn't hurt for you to try

reality can be painful but tell me have you ever wondered why? (Chorus)

You like to keep a safe distance from me to make sure that we n ever meet

and just in case I might be dangerous you quickly turn and walk across the street

You're so scared of the sight that you see that you decide to n ever understand

Instead of judging me by the way that I look, accept me for who I am

Instead of judging me by the way that I look, accept me for who I am

Instead of judging me by the way that I look, accept me for who  $\ensuremath{\text{T}}$  am

Instead of judging me by the way that I look, accept me for who I  $\mbox{am}\,$ 

(Chorus)
