

# Hypocrite

Clawfinger

It's funny how my title puts me in a position  
Where I'm allowed to say I represent the opposition  
Like I'm on a mission to overthrow the government  
As if my ambition was to try and seem intelligent  
I'm not even competent enough to win an argument  
Or ignorant enough to be a little disobedient  
But I still believe that what I say can make a difference  
The problem is I can't hear what I'm saying from a distance

No matter what I say, no matter what I do  
No matter what I think, I'm not as good as you

I'm such a hypocrite, I'm so full of it  
I'm such a hypocrite, I need another hit

It's funny how I come across as some kind of a teacher  
Considering I never even liked my fucking teachers  
Now it's reached the point where all the expectations  
Are building up a barrier creating limitations  
While you're debating if I've got the right to an opinion  
Well silly me I thought I was allowed to be civilian  
All I ever did was say exactly what I'm feeling  
Without filtering my thoughts to make myself appealing
