

**It**

**Clawfinger**

I can hear it in your voice I can see it in your eyes  
I can smell it in the air I can hear it in your sighs  
The way you look at me and the way that you act  
The way you make me feel I have to react  
Is it beautiful enough to keep you begging for more  
It's painful to see I can't take it any more  
I know what it is I can see it in my dreams  
I know what it's like I know what it means  
I can make it go away I can make it disappear  
I can make it right I can make it happen here  
Feels like I have to do it it has to be done  
It's time to get it over with it's useless to run  
It could have been something nice you said to me  
But I can hear it in your voice you just pity me  
You make fun out of me and every word that I say  
And I can hear you laugh when I walk away  
So don't try to be nice and don't you try to pretend  
You don't know who I am I'm not your friend  
You don't think I know but I can read between the lines  
Don't smile I'm not your clown I can see all the signs  
Nobody knows it and nobody can see  
I'm not talking to you but you're smiling at me  
I know it's gonna happen but I don't know when  
But it's happened before and it can happen again  
I want to do things to you that you'll never forget  
It's not an empty threat you deserve what you get
