

## Out to Get Me

Clawfinger

They're out get me  
I can't escape 'cos they won't let me  
They won't forget me  
They'll get me in their grip and sweat me  
They'll wait me out  
And then move in under my skin  
They'll make me doubt  
They're out to make me let them in  
I can't escape them  
There's nowhere I can run and hide  
Make one mistake and  
That's when they work their way inside  
They'll try and take me  
They'll break me down and suck me dry  
I can't let them shape me  
They'll make me up and make me cry  
They're out to get me  
I want to leave but they won't let me out  
They're out to get me  
I want to leave but they won't let me out  
They won't forget me  
They'll get me in their grip and sweat me out  
They're out to get me  
I want to leave but they won't let me out  
They're out to get me  
They're out to get me  
They're gonna hit me  
Cuff me up and then bullshit me  
Then they'll outwit me  
Dress me up and make it fit me  
They'll lock the door now  
Keep it shut and throw away the key  
They'll turn the lights out  
What no one knows, nobody sees  
They're out to get me  
I want to leave but they won't let me out  
They're out to get me  
I want to leave but they won't let me out  
They won't forget me  
They'll get me in their grip and sweat me out  
They're out to get me  
I want to leave but they won't let me out  
They're out to get me  
They're out to get me  
They're out to get me  
They're out to get me  
I want to leave but they won't let me out  
They're out to get me  
I want to leave but they won't let me out  
They won't forget me  
They'll get me in their grip and sweat me out  
They're out to get me  
I want to leave but they won't let me out  
They won't forget me
