

## The Way

Clay Aiken

Theres something bout the way you look tonight, Theres something  
bout the way that i can't take my eyes off you. Theres  
something bout the way your lips invite, maybe its the way that  
i get nervous when your around. And I want you to be mine  
and if u need a reason why,

It's in the way that you move me, and the way that you tease me  
, the way that I want you tonight,  
It's in the way that you hold me, and the way that you know me,  
when I can't find the right words to say,  
You feel it in the way, you feel it in the way.

Theres something bout how you stay on my mind, theres something  
bout the way that I whisper your name when I'm asleep Oh girl  
no. Maybe its the look you get in your eyes. Oh baby its the wa  
y that makes me feel to see you smile. And the reasons they  
may change but what i'm feeling stays the same.

It's in the way that you move me, and the way that you tease me  
, the way that I want you tonight,  
It's in the way that you hold me, and the way that you know me,  
when I can't find the right words to say,  
You feel it in the way, you feel it in the way.

I can't put my fingers on just what it is that makes me love yo  
u, you baby.  
So don't ask me to describe, I get all choked up inside, just t  
hinking bout the way.

It's in the way that you move me, and the way that you tease me  
, the way that I want you tonight,  
It's in the way that you hold me, and the way that you know me,  
when I can't find the right words to say,  
You feel it in the way, you feel it in the way.

There's something bout the way you look tonight.  
There's nothing more to say then, I feel it in the way.
