

These Open Arms

Clay Aiken

What if everything you ever took for granted, was gone?
And everything you ever thought was right, was wrong?
And what if everyone you ever loved was torn, from the pages of
your life?
Would you reach out for tomorrow, or try to turn back time?

These open arms will wait for you
These open arms can pull us through
Between what's left and left to do
These open arms
These open arms
These open arms will wait for you

Did you really love the ones you said you loved, think twice.
And did you make a bit of difference in somebody else's life?
Tell me, is there someone you can count on when you need a friend?
Can you see I need a friend?

These open arms will wait for you
These open arms can pull us through
Between what's left and left to do
These open arms
These open arms
These open arms will wait for you

Surrendering high
Give in, stop questioning why
Open your heart up to love & you'll see you will find

These open arms will wait for you
These open arms can pull us through
Between what's left and left to do
These open arms
These open arms
These open arms
These open arms
These open arms will wait for you
