

Weight Of The World

Clay Aiken

Has anybody else but me
Ever felt this way before
Like the world is spinning much too fast
And you're falling through the floor

Struck by lightning
It's so frightening
When the morning feels like war
Unbreakable, don't you wish you were unbreakable

So when you fall down down down
Don't get down on you
Don't you know that everybody gets down down down
Why you tryin' to carry the weight of the world

Some folks say that we've been blessed
And I know deep down they're right
But when you're feelin' cold, alone and desperate
And can't get through the night

It seems the only time you test your wings
Is when you're crashing through the sky
Unbreakable, don't you wish you were unbreakable

So when you fall down down down
Don't get down on you
Don't you know that everybody gets down down down
Why you tryin' to carry the weight of the world

Has anybody else but me ever felt this way before

So when you fall down down down
Don't get down on you
Don't you know that everybody gets down down down
Why you tryin' to carry the weight of the world

I know it's hard to see
From where you are right now
I know it's hard to breathe
Just let the world go round round round
