

## Feels So Right

Clay Walker

Whisper to me softly, breathe words upon my skin  
No one's near and listenin', so please don't say goodbye  
Just hold me close and love me, press your lips to mine  
Hmm, feels so right, feels so right

Lying here beside you I hear the echoes of your sighs  
Promise me you'll stay with me and keep me warm tonight  
Just hold me close and baby, love me, give my heart a smile  
Hmm, feels so right, feels so right

Your body feels so gentle and my passion rises high  
You're loving me so easy, you're wish is my command  
Just hold me close and darling, love me and tell me it won't end  
Hmm, feels so right, feels so right, feels so right

Ah, you know you feel so right, baby  
Feels so right, feels so right  
You feels so right, feels so right  
Feels so right
