## Hypnotize the Moon

She knew she caught my eye And that was all it took Ain't it strange how forever changed With just one look

The magic filled the night She touched my soul like no one else Yes, the way that woman made me feel Left me talking to myself

You better run for cover You better hide your heart 'Cause once you start to love her You know you'll never stop

She shines like a diamond When she walks into a room She could charm the stars Hypnotize the moon

Once I held her close I knew just where I stood No, you never get a second chance To ever feel so good

Then and there I knew These words were etched in stone If you can't feel the power of The greatest love you've known

You better run for cover You better hide your heart 'Cause once you start to love her You know you'll never stop

She shines like a diamond When she walks into a room She could charm the stars Hypnotize the moon

You better run for cover You better hide your heart 'Cause once you start to love her You know you'll never stop

She shines like a diamond When she walks into a room She could charm the stars She could charm the stars Hypnotize the moon
