I Can't Sleep

Clay Walker

I've been up all night long Just waitin' on the sun I've given up, damn the dawn It ain't never gonna come

Something's wrong As long as you're gone

I'm not gonna sleep 'til I touch your face Baby, not a wink I could go for days If you ever needed to see me down on my knees Take a look at me, baby, I can't sleep

Remember when you said we wouldn't last I couldn't swallow my pride Whoa, it's sinkin' in, baby, losin' you has Finally opened my eyes

I'm wide awake As long as it takes

And I'm not gonna sleep 'til I touch your face Baby, not a wink I could go for days If you ever needed to see me down on my knees Take a look at me, baby I can't sleep

I'm not gonna sleep 'til I touch your face Baby, not a wink I could go for days If you ever needed to see me down on my knees Take a look at me, baby I can't sleep

'Til I touch your face Baby, not a wink I could go for days I'm not gonna sleep 'til I touch your face Baby, not a wink, I can't sleep

Oh, I can't sleep Oh, I can't sleep Oh, I can't sleep ...
