

I Don't Want to Know

Clay Walker

So this is love, this is what it feels like
To need someone more than life
I never knew it could be this passionate, so intense
I've got so much to lose, I can't even think about it

I don't want to experience how it would feel
To live one second without you here
Left without your kisses wanting more
Not to hear your heartbeat, like before

What would I do? Where would I go?
If you were gone and I had to move on
I don't want to know I don't want to know
I don't want to know

I had a dream someone up above us
Called your name in the name of love
And I cried as heaven took you on angel's wings
I woke up and screamed, "God in Heaven above, don't take her from me"

I don't want to experience how it would feel
To live one second without you here
Left without your kisses wanting more
Not to hear your heartbeat, like before

What would I do? Where would I go?
If you were gone and I had to move on
I don't want to know I don't want to know
I don't want to know

And when we touch let's make love
Like it was our first and last time
And when we part cross, your heart
And swear on love it's not goodbye

I don't want to experience how it would feel
To live one second without you here
Left without your kisses wanting more
Not to hear your heartbeat, like before

What would I do? Where would I go?
If you were gone and I had to move on
I don't want to know I don't want to know
I don't want to know
