

Kiss Kiss Kiss

Clazziquai Project

The kiss, I feel
The skin, I touch
The breath, I hear
The lips, I taste
The kiss, I feel
The skin, I touch
The breath, I hear
The lips, I taste

So we kiss and kiss
Now that's it here
That spot you see
I feel your touch

So we kiss and kiss
Now that's it here
That spot you touch
I feel your lips

Hold on, just let me try and I
Will I, just let me try to kiss

Kiss kiss kiss
Don't need to talk
My lips will say
I feel your touch

Kiss kiss kiss
Now that's it here
Your lips will say
The touch you know

The kiss, I feel
The skin, I touch
The breath, I hear
The lips, I taste
The kiss, I feel
The skin, I touch
The breath, I hear
The lips, I taste
So we kiss and kiss
Now that's it here
So we kiss and kiss
Now that's it here
Hold on, just let me try and I
Will I, just let me try to kiss

Kiss kiss kiss
Don't need to talk
My lips will say
I feel your touch
Kiss kiss kiss
Now that's it here
Your lips will say
The touch you know
Kiss kiss kiss
So we kiss and kiss

Now that's it here
That spot you see
I feel your touch

So we kiss and kiss
Now that's it here
That spot you touch
I feel your lips
Kiss kiss kiss
Don't need to talk
My lips will say
I feel your touch
Kiss kiss kiss
Now that's it here
Your lips will say
The touch you know
Hold on, just let me try and I
Will I, just let me try to kiss
