Clazziquai Project

This love was like being in a fantasy
It was the time only for you and I
But time has passed so does our love
So does our time It's true

If you listen, dangsinui gyeolsimeul
joyonghi whisper, yagsogddawin haji anhgo
Let me, ne ane yeongweonhi Forever ever..

Vexed and stressed out
Gotta confess now
Fallen angel's with no where yo nest out,
Pull my chest out try my best to breathe
But I'm frantic it must be my asthmatic destiny.
They say, yo it's best to
leave your fate to the U-N-I Verse
Do and die first,
why you and I curse the heavens,
God will never Know
It might be the time of your life,
gotta let it go.

This love was like being in a harmony
It was the time only for you and I
Thou time has passed my love is real
And my love is true

If you listen, dangsinui gyeolsimeul
joyonghi whisper, yagsogddawin haji anhgo
