

Stepping Out

Clazziquai Project

It's gonna be groovy night
Everybody funky it up
You be good to me tonight yeah

It's gonna be groovy night
Clazziquai groove it up
You be good to me tonight yeah

I am the king of silence (silence)
I am know as a creator
Tell me my sanity (sanity)
I've got to get to the thing straight

My memory of tou are hanging on the tree
I am down down down down down
My insanity is just few steps ahead
I am down down down down down

Stepping out
Stepping out
Stepping out
Stepping out

I am the king of city
I'm known as a destroyer
Tell all me you people
I've got to make this come true
My memory of me disappeared in the sky
I am down down down down down

My dissiness takes me away to the cloud
I am down down down down down

Stepping out
Stepping out
Stepping out
Stepping out

It's gonna be groovy night
Everybody funky it up
You be good to me tonight yeah

It's gonna be groovy night
Clazziquai groove it up
You be good to me tonight yeah

Stepping out
Stepping out
Stepping out
Stepping out
Stepping out
Stepping out
Stepping out
